## WHO WE ARE

Collection Africa was established in 2001 to provide professional debt recovery and revenue management services across the Africa.

We combine experience , technology, and ethical practices to deliver fast, respectful, and effective results.

## OUR SERVICES

### Debt Collection

Systematic, high-recovery strategies for outstanding debts, combining field agents, analytics, and legal escalation to maximize returns.

### Credit Management Training

Customized training programs that equip your teams with the skills to reduce credit risk, improve collections, and build smarter credit policies.

### Skiptrace Services & PI

Advanced investigative techniques to locate hard-to-find debtors and assets combining technology, field intelligence & verified databases.

### Bulk SMS Platform

A robust, scalable messaging platform for direct client communication, driving engagement, reminders, and faster resolution at scale

### Bulk SMS Platform

End-to-end revenue collection for regional governments, combining a revenue collection system, business mapping, and debt recovery.

## WHY CHOOSE US
